

EDIUS X

Software Version 10.34.9923 – Release Notes – January 2023

New Features

EDIUS

- **No additional/improved feature*

Mync

- **No additional/improved feature*

Fixed Issues

EDIUS

- [OK] button on some filter settings dialogs cannot be clicked if the project setting is set to vertical like 2160x3840
- If a clip is transferred from a removable media to the project folder, the file path of the transferred clip is not changed
- The quality of exported H.264 MP4 VBR files is very poor if the Average bitrate is much smaller than the Max bitrate

Mync

- **No fix provided*
